South East Asia's largest international manufacturing technology exhibition

Now in its 27th edition, Manufacturing Indonesia has established itself as the leading international trade show for the Manufacturing Machinery, Equipment, Materials and Services sectors in the ASEAN region.

This annual event continues to provide a platform for international companies to enter the ASEAN market and showcase their products to the region's most important buyers of manufacturing technology. Now is your chance to join over 2,100 exhibitors from all over the world and meet face-to-face with over 36,000 decision makers.

Strength of the market

Indonesia is one of the world's leading emerging economies and is the third-fastest growing economy in Asia. It has a population of over 251 million and a growing, and affluent middle class, which is estimated to be at least 35 million. The largest economic sector in Indonesia is manufacturing and processing, which contributes around 24% of the Gross Domestic Product. Exhibiting at Manufacturing Indonesia will give you unique access to this market of increasing global importance and the chance to establish and promote your business in a cost-effective way.
